Q: did you move from the area, to, um...

MALVO: Safe location?

Q: Yeah?

MALVO: Yeah

Q: It would be picked after the shot or before the shot?

MALVO: After. I was safe, with the shot; I was safe after I leave. We have a way in and a way out. We have alternate routes. Then you, plan B.

Q: Did you have a go to plan B?

MALVO: Uh, never had to go to plan B.

Q: When you leave do you just go get...

MALVO: Plan B be all about real good and just, caught me in the action, and I would go down, go.

Q: You guys go back in the car and just drive away or?

MALVO: We didn't, we didn't just sleep in the car, we slept in hotels, slept in rest areas. Hotels when we needed a good rest, you know. Just get a time off and didn't want to go to the Y. Still cold out. Get some rest, take a bath, both people don't rest at the same time.

Q: At, at the Home Depot one and, and JOHN can see exactly what, how does he know what you're looking at?

MALVO: Cause the plan, he knows, he can feel it.

Q: But does, does he tell you hey; hey you know there's somebody's walking behind you now. When, when you say people walk by you, he tells you?

MALVO: You're right, you're out there you can't.

Q: Pardon me?

MALVO: You, you go out in the bushes, you become a part of the bushes, you go out in the grass, you become part of the grass.

Q: And, but when you went in the grass in, I mean how do you, how does, this just amazes me how does JOHN know what you're looking at?

MALVO: Because he knows my zone, and he knows what's in the zone.

Q: But when you say zone it's like...

MALVO: It's a huge.

Q: It's a huge zone?

A Yeah

Q: Ok I guess so, if it was a huge zone, then you could say, I mean he could think you're looking at...

MALVO: Well he, he, he would know what I'm looking for.

Q: Oh because you say, I mean as you're, as you're out there whatever you say lady in whatever color or something?

MALVO: No you don't say that.

Q: How, how what do you say? For example what do you say?

MALVO: No, no, I don't say anything.

Q: How's he know?

MALVO: He knows.

Q: Just from training, just from doing this over and over again?

MALVO: It's just, it's just a mind set, you know, you know.

Q: Ok if I was to go out as your spotter, I got the headphone, headset on with you and I can just talk to you...

MALVO: We'd have problems.

Q: Pardon, me?

MALVO: We have problems.

Q: Why?

MALVO: It's, it's uh, you know certain people work with certain people and then maybe after that person dies, you won't work with anyone else, well it's, it's just that kind of, it's that, it's that kind of deal.

Q: Well could you train me?

MALVO: I could, I think I could.

Q: And so, ok, you say JUNE you're gonna be the spotter, so I would.

MALVO: You would know.

Q: But I, what I'm saying is I'm watching the target area of where your want to go to the zone but I'm also at, what's my responsibility to pick out a target for you to shoot or is my responsibility as a, as the scoping it out to just protect around you?

MALVO: You have to protect and watch and that's why I said both jobs are very important.

Q: Right now that I think of it like that, it is important, I mean he, he is just as important as you because...

MALVO: He got to see it all, all.

Q: To maintain control and say, you know LEE, he knows the zone from, from you guys picking it out ahead of time.

MALVO: And he knows me.

Q: He knows you.

MALVO: Uh-huh he, he just has to take a second, one second look, that's it, he know they are, he knows.

Q: But is he looking around you to say ok it's clear, for around you, meaning, because you don't, you say people walk by you, you don't want to shoot if somebody's right beside you, right? So if you can be...

MALVO: I don't even know what's around me. I know my environment, that's why I do a good recon to know my environment, I know what they can see, I know what they can hear.

Q: Yeah I know but like you said you were sitting in the grass and people walked by you.

MALVO: Yeah, walked by me.

Q: But when you're getting ready to shoot and you're concentratrating on your zone.

MALVO: I can concentrate and listen to everything around me.

Q: All around you?

MALVO: OH yeah, I can concentrate and listen to everything, it's a whole, it's a zone, you become sharp, you become sharp, your ears become keen. I, I, can hear grasshoppers who have been in it like, say 5 feet, I can hear them. That's what happens when you, your body doesn't have so many, so many, so much food to digest. It has nothing else to do, but to do what you tell it to do.

Q: When you...

MALVO: It's clear, focus.

Q: Would you ever eat before you shot or or do you wait till after you shoot to eat, does it matter?

MALVO: I fast.

Q: Pardon, me?

MALVO: I fast.

Q: you always fast when you're gonna shoot?

MALVO: Uh-huh.

Q: So there's nothing in your stomach? When you say fast, how many days would that be that you would?

MALVO: Up to 10 days or more if that's what it took.

Q: No but you like you were, you could, I don't have the sheet here but some of them.....

MALVO: 10 days at the most.

Q: 10 days you went between shootings?

MALVO: Fast, the whole time, all I had was raisins and maybe some crackers that was it and water.

Q: For 10 days or for this whole time?

MALVO: For 10 days.

Q: And you felt fine?

MALVO: Oh, yeah, it's a state of mind. I can do as many pushups as I did when I was eating food, it, it's just a state of mind, that's all it is.

Q: So every time when you guys would go out to shoot, you had been fasting?

MALVO: Uh-huh

Q: So if you had eaten you weren't gonna go out to shooting?

MALVO: Nope.

Q: Come in.

MALVO: Hello.

Q: I think that might be your raisins.

MALVO: Yeah

Q: All right, how's that, organic.

MALVO: Oh yeah, this is heaven. This, this s what makes me happy, simple, simple.

Q: It's now 10:20, is it, you still ok to talk, you mind talking?

MALVO: I got nothing else to do.

Q: Pardon, me?

MALVO: Nothing else to do.

Q: ok, um, so you would never shoot then before.

MALVO: I may have some raisins, that's it.

Q: But if you were gonna have a meal, you wouldn't shoot that night, uh was JOHN the same way?

MALVO: He did the same thing. We all did the same thing at the same time.

Q: Same, uh....

MALVO: Yeah, I', working on it.

Q: Perfect?

MALVO: Perfect. Thank you

Q: All right, you're welcome.

MALVO: I lack discipline? And I still, I still say that.

Q: You lack discipline.

MALVO: It's the only reason I'm, it's the only reason I'm here.

Q: Uh huh

Q: We're glad you lack some discipline.

MALVO: Yeah, you're supposed to be. This was my time, that's all. I accept it, I think they're gonna kill me though.

Q: Pardon, me?

MALVO: I think they're gonna kill me though.

Q: You think?

MALVO: Between Alabama, Louisiana, and Virginia, Alabama, good as gold.

Q: It doesn't scare you?

MALVO: You want to hang me, ok, poke me, shock me, just gonna last for 3 minutes, 5 minutes, 2 minutes, then you're dead.

Q: If that's the way you feel, how come you don't like tell me then...

MALVO: Everything?

Q: Well not even everything because I'm, I'm really interested in just my own case you know which is you know uh (inaudible-can't hear)

MALVO: I said that

Q: Pardon, me?

MALVO: I said that.

Q: I know but you can change your mind. You told me you could change your mind, as long as you say it right then and say ok, I'm gonna change my mind.

MALVO: I didn't say that.

Q: No, you were telling me that.

MALVO: Depends on what you told the person that you gave your word to, that you're going to change your mind. If you change your mind now....

Q: But I don't think he would mind, at this point in time, really.

MALVO: It's your word, I would know it's gonna be on my conscience. I want to have a clear conscience when I die. It would be (inaudible)

Q: I don't think it's that, I mean.

Malvo: I would definitely come back as a mountain.

Q: You would?

MALVO: Maybe as a piece of molten ash under the Earth.

Q: Yeah, well really just on the Home Depot one. Just really how, how did you do that? How, I mean, that one, how did you do that? Cuz, don't and the reason I'm so interested is that's the only one I know about. But I know that area and all that. I couldn't believe how good you are, you know, to pull out like that. I don't know the other areas but,

MALVO: The whole thing is, they underestimated us.

Q: I never underestimated you.

MALVO: They went by the lookout XX that's your job. They were just talking out of emotion. Because we think that we need a professional affect in the public eye. Snipers are (inaudible) but are, uncivilized (inaudible) it's just

Q: (Inaudible)

MALVO: More like that (inaudible)

Q: (Inaudible)

MALVO: Hardest, that's the hardest shot of (Inaudible)

Q: Really?

MALVO: Yeah, no cover (Inaudible)

Q: (Inaudible) Right

MALVO: you're dead

Q: (Inaudible) about? The Home Depot, which one you telling me about one of them (inaudible), like you said, it doesn't matter so.

MALVO: It does matter what I tell you. See, I already know what I was going to tell you before I told you. I don't go beyond it.

Q: Even just on one?

MALVO: I give you enough just to tease around. It's just it. You can figure it out. It's just like it get stuck up there, holding, to be released. (Inaudible) but you can figure it out think hard about it. Don't think about it so hard, it'll come to you.

Q: So..

MALVO: Think about it, until you see something up there

Q: I know, but I have you right here to talk to and your pretty intelligent and, and disciplined and really....

MALVO: I'm not intelligent at all

Q: Oh yes you are, you know

MALVO: (inaudible)

Q: um

MALVO: They're gonna lock me up. About seven years then they're gonna poke me with a needle, inducing my blood, and I will die. About seven years, My dad.

Q: Is that what you think?

MALVO: As fast as possible, he's dead.

Q: Pardon me.

MALVO: They're gonna get rid of him as fast as possible.

Q: Oh, oh your friend?

MALVO: No, my father.

Q: He is? That's what you consider him?

MALVO: Played the role.

Q: He played the role as your dad.

MALVO: When we protect the role.

Q: (Inaudible)

MALVO: (Inaudible) raisins.

Q: Now if your fasting, that means you can eat raisins, doesn't it. You can eat raisins once your ready.

MALVO: Strict fasting, that's (inaudible)

Q: Really?

MALVO: We drink water. (Inaudible) get your stomach

Q: Do you ever notice your breathing? (Inaudible)

MALVO: Yeah, I (Inaudible)

Q: Can you tell me about my case? Help me.

MALVO: (inaudible) I do, or I did.

Q: I do and I appreciate it, I'm just...on my own, I'm just...

MALVO: Pre occupy yourself

Q: Uh-huh

MALVO: (inaudible)

Q: Huh

MALVO: That's what I thought it is.

Q: I did?

MALVO: No, but at the time.

Q: (inaudible) What'd you think?

MALVO: Nothing, nothing, you could do was right (inaudible)

Q: (inaudible) ok

MALVO: (Inaudible)

Q: How do you do that?

MALVO: (inaudible)

Q: Why won't you do that?

MALVO: I already said that

Q: no

MALVO: That's why I couldn't remember. (Inaudible) You think I'm joking.

Q: And then what? Then you can bring it back when you want to bring it back?

MALVO: Yeah I (Inaudible)

Q: Huh?

MALVO: Still in my subconscious. I can bring it back, whenever. (Inaudible) as far as I see it, no words can paint no pictures, it's like blank you ask me the same (inaudible) it's just blank (inaudible) eliminate the nasty (inaudible)

Q: You're eliminating the nasty (inaudible)

MALVO: (inaudible)

Q: What do you mean?

MALVO: (Inaudible)

Q: Why?

MALVO: It's been revealed

Q: I know but you're saying you're being up front and truthful, right?

MALVO: (Inaudible) That's it

Q: Do you think he's being, keeping his end of the bargain?

MALVO: (Inaudible) He'll talk to you. He'll play around with you all night (inaudible)

Q: (Inaudible)

MALVO: We practiced this

Q: You practiced for this?

MALVO: Yeah, what do I care, it's all over. Watch your words, just relax, think hard, don't change your word (inaudible)

Q: At this point in time, it's like you guys have stopped doing it, and that's what's there to hiding it.

MALVO: Stopped putting it here, that's about it.

Q: It still should be on your brain. Hum. You like that?

MALVO: Do I like it? Can't give you the whole thing (inaudible) I didn't complete it would've of pushed and gone further.

Q: You would of

MALVO: Me? They would have. It's the Marshall Law (inaudible) they wouldn't dare bring the military they wouldn't dare.

MALVO: To start with, they wouldn't dare

Q: Why?

MALVO: They wouldn't dare

Q: Why?

MALVO: There's like (Inaudible) Burn it down. They come to find. They will find me.

(Inaudible) They will find it that what they do. They're good at it.

Q: What about you.

MALVO: I stayed out too long (inaudible)

Q: When you guys practiced for this what did you guys end up thinking? (Inaudible) or
was the practice for after this

MALVO: Torture

Q: Torture? By the police or....

MALVO: I mean, there's a certain facture (inaudible) is possible just takes planning that's all no matter how much security you put up, it still a plan.

Q: What do you mean?

MALVO: (Inaudible)

Q: Well you're in good custody right now. Don't you think?

MALVO: yes

Q: Good Company.

MALVO: Let's negotiate the company.

Q: (Inaudible)

MALVO: Now I won't be heard.

Q: Huh?

MALVO: Won't be heard. I (inaudible) something anonymous, right?

Q: Right.

MALVO: It should be good. (Inaudible)

Q: Uh Huh

MALVO: All I would want in doing it (inaudible)

Q: And then three or four right?

MALVO: And I like Tom Clancy. He's good.

Q: You like his books? You read all of them.
